THE SPECULATIVE MARKETS. Corn Again Leads in Interest and a Large

Business Transacted.

BIG BUYING ORDERS POUR IN.

Prices Gradually Drop On Reports of Rain-Wheat Opens Firm, But Sells Down a Trifle-General Quotations.

CRICAGO PRODUCE MARKET. CHICAGO, July 20.-[Special Telegram to the Bre. !- Corn led again in speculative interest and a very large business was done in that cereal, the transactions covering nearly every month between now and May. September, October and May were the most active in the order named, with August a close fourth. The signal service bureau reported a moderate rainfall in eastern Kansas and Nebraska, western and northwestern lows, and southern Minnesots, and there were private telegraphic advices of local showers in southern Illinois, while from all quarters reports are coming in that the temperature is moderating. In some cases it is still oppressively and dangerously hot, but the backbone of the blistering hot spell appears to have been broken. The market opened about 146140 off, and after a few moments of brisk trading broke sharply another 14c, at which point a large number of buying orders were struck and a lively battle ensued. Commission merchants generally were buyers, and the local crowd were free sellers. Very soon, however, selling orders began to come in from the rained-on districts, and soon the majority of those who were the most energetic bulls yesterday got as pronouncedly on the other side of the fence. It must not be supposed, however, that the country as a whole has turned bearish, for such is not the case, and the stream of buying orders continued to pour in all day long from the outside. August opened at 38%c, declined to 38c, then to 37%c, recovered 4c, sold off again to 37%c, and closed at 37%c. September worked off from 39%c to 38628%c and closed at 38%c. October opened at 39%c, sold down to 38%c and closed at 38%c. The first trades in May were at 41%c, with a rally to 41%c, from which point the market sold off to 40%c and closed there.

There was a firm opening to wheat on the getic bulls yesterday got as pronouncedly on There was a firm opening to wheat on the destruction of 1,110,000 bushels by the Minneapolis elevator fire. There was no exciting neapolis elevator fire. There was no exciting or especially important crop or market news to affect values, there being nothing in sight upon which to predicate extensive operations. The market is permitted to drift along and take care of itself. August wheat opened at 71½c, sold off to 70½c, rallied to 71½c/71½c, and closed at 70½c. September opened at 73½c, dvanced to 73¼c/73½c, declined to 72½c, made a gain, and closed at 72½c. October ranged at 74¼c/74½c and closed at 74½c. December opened at 77½c, advanced ½c. sold off to 77½c, and closed at 77½c/77½c. The closings show very insignificant changes from yesterday.

day.

Business was only moderately active in futures of oats and the tendency of the market was downward in sympathy with the

decline in corn.

In the provision pit the feeling was again bearishly inclined, the influences affecting the market including the drop in corn, the large receipts of hogs and lower prices for the same, and more restricted distribution. The trades in the products were too one-sided in their tendency and lower prices became the rule almost without opposition. In lard a decline of 72600 and in short ribs of 125600 be occurred without creating any particular site. ticular stir.

CHICAGO LIVE STOCK.

CHICAGO, July 20 .- [Special Telegram to the BEE. |-CATTLE-The receipts to-day rather took the breath of those who had hoped for and predicted light receipts this week. The receipts were the largest in several weeks and the market was overstocked with all kinds. Prices were lower-about 10c lower, as well call it that as anything, as hardly two sales were made alike. With such a big supply and the markets all over the country full to overflowing, buyers could well afford to be indifferent and hard to well afford to be indifferent and hard to please. All of the rough, heavy, thin and grassy cattle suffered most and prices for them were by all odds the lowest they have been yet. Prices ranged about as follows: Shipping steers, 1350 to 1550 lbs. \$3.50@4.25; 1200 to 1350 lbs. \$3.25@3.75; 950 to 1020 lbs. \$2.85@3.30; stockers and feeders, \$1.40@3.10; cows, bulls and mixed, \$1.00@2.70; bulk, \$2.00@2.30; slop fed steers, \$3.95; The Texas cattle receipts were 5,000, and prices 15c lower; cows \$1.75@2.25; steers, \$2.40@3.10.

\$2.40@3.10.

Hous—The receipts were 19,000, and for the week so far 54,551. Trade was again slow and 5@10c lower than yesterday, making a decline of 15@20c this week. Bulk sold between \$5.35 and \$5.45, and one or two lots of fancy at \$5.50, and common sorts down to \$5.20@5.25; Yorkers, \$5.40.

FINANCIAL

NEW YORK, July 20 .- | Special Telegram to the BEE, j-STOCKS-Midsummer duliness has settled over the New York stock market and it remains in an unsatisfactory condition and many of the big professional leaders are leaving it in disgust. The opening was steady, with fractional advances, but not enough to cause special comment. Lon-don was dult but fair buying orders were recelved for St. Paul, Lake Shore, and Union Pacific. Operators went home short last night, but this morning wanted to cover and their buying caused a slight rally in a few specialties, but the changes during the morning were confined to 1 per cent. People who sorted the market heavily on the bulge two months ago are said to have covered and bought about 550,000 shares of different properties and are working for a raily, but they find it difficult to induce outsiders to come it. The last hour the market was stronger and slight gains were recorded, but no improvement in trade was noted. The last sales were at about the outside figures and exhibited net advances extending from 1/16 1% per cent, Louisville & Nashville showing the largest gain. Union Pacific gained 14. New York 14. Western Union 14. the Grangers 16% per cent. The declines were % on Cotton Oll and % on Hocking Valley. The total sales were 100,222 shares, against 182,500 shares yesterday.

GOVERNMENTS-Government bonds were dull but steady to firm.

OMABA LIVE STOCK.

Wednesday, July 20, Cattle.

The run of cattle to-day was moderate. The market opened almost lifeless owing to the unfavorable reports received from Chicago, indicating a heavy run and lower prices. A few loads changed hands but at a decline of 5@10c from yesterday's prices.

There was a slight gain in the receipts of hogs as compared with yesterday. While there were a very few good hogs in the average quality was poor, which makes the market appear lower than it really was. The unfavorable outlook in Chicago had a depressing effect upon the hog market as well as upon the cattle market. The market here opened a little slow at a decline of about 5c. It continued weak but fairly active and she bulk were sold before noon. The market closed fully 10c lower than yesterday with nine loads left over, the salesmen being unwilling to take the prices.
